PROFILE

With 12 years of experience as a chef, I have honed my diligence and creativity. Seeking to apply these skills in a new field, I have invested in the development of my programming skills through internships, self-study and workshops. I am now seeking opportunities to further my learning and growth as a front-end developer.

EXPERIENCE

Freelance - April 2023 - present

- UX/UI implementation with Wordpress

StudioPresent (internship) - Subotica, Serbia - May 2023

- Designed and developed responsive websites using HTML, SCSS, and JavaScript, ensuring cross-browser compatibility and accessibility for users.
- Learning new technologies by exploring React and completing online tutorials on the framework.

Vega It (internship) - Novi Sad, Serbia - March 2023

- Completed an assignment to create a starter template for pages using Webpack, including implementing semantic HTML, optimizing for accessibility, and using SCSS and JavaScript to enhance user experience.
- Utilized pixel-perfect development techniques to ensure that designs were accurately translated into code.

SKILLS

- Proficiency in JavaScript, HTML, CSS with responsive design principles
- Experience with Angular framework
- Experience with version control systems such as Git
- Ability to write clean, maintainable and reusable code
- Experience with testing and debugging web application
- Ability to work with a team and collaborate effectively, good communication skills
- English - proficient language ability
